

## BL linkLUX

Quick Connect, Rigid Linear LED Modules  
3W, 24VDC, Constant Voltage

## FR Series

Printed

Please note that these instructions are guidelines only and in no way supersede any construction or installation standards.

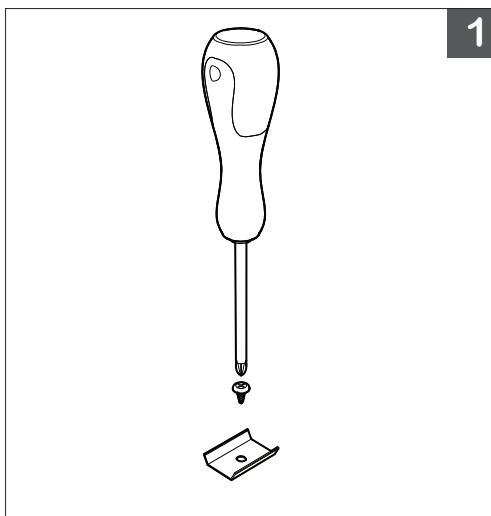

Local building and electrical codes should be consulted before installation.

### ATTENTION

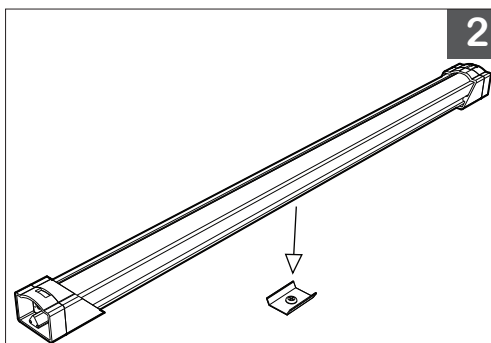

- There is potential danger of electrical shock when operating electrical components.
- Make sure power is turned off before installation.
- Allow for heat dissipation and adequate ventilation.

## CLIP

Ideal for wood and other porous surfaces

1. Mount clip to surface with screws.

2. Snap **BL linkLUX FR** into clip.

**TIP:** Two clips per module is a minimum requirement for secure hold.

PROJECT

CLIENT

TYPE

Solid State Lighting is sensitive to power fluctuations  
Surge protection is highly recommended for all LED lighting products and should be on a designated circuit to protect against premature failure  
Lack of surge protection may void your warranty
