

BL areaLINEAR

Linear, DMX controlled LED Wall Washers
65W, Line Voltage

LN8286

Printed

Please note that these instructions are guidelines only and in no way supersede any construction or installation standards.

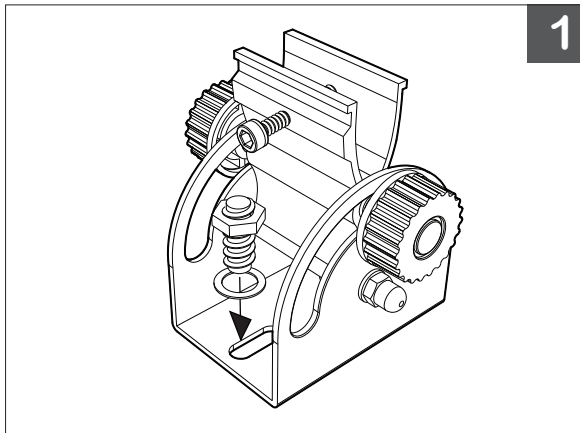

ATTENTION

- There is potential danger of electrical shock when operating electrical components.
- Make sure power is turned off before installation.
- Allow for heat dissipation and adequate ventilation.

Local building and electrical codes should be consulted before installation.

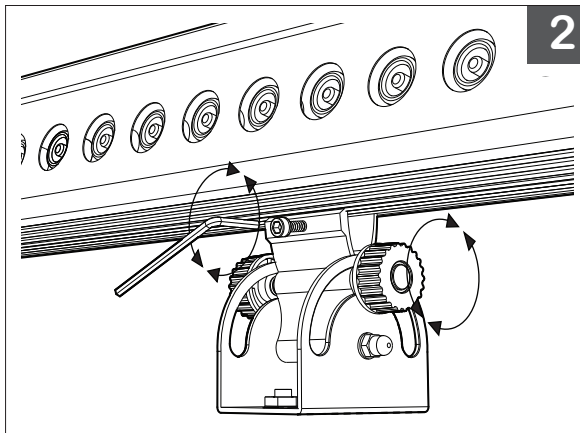

SURFACE MOUNT

Mountable base with 180° Adjustable Bracket

1.

- A. Position **LN8286** mounting bracket at desired location of install.
- B. Fasten mounting bracket with bolts through mounting holes.

2.

- A. Snap in **LN8286** luminaire into mounting bracket and tighten with provided Hex Key.
- B. Loosen grip dial on adjustable bracket, and swivel luminaire head as required.
- C. Tighten dial to secure angle

PROJECT

CLIENT

TYPE

Solid State Lighting is sensitive to power fluctuations
Surge protection is highly recommended for all LED lighting products and should be on a designated circuit to protect against premature failure
Lack of surge protection may void your warranty
