

# BL areaFLOOD BX1616

LED Box Wall Washer  
24W, 100V-277VAC

BL areaFLOOD BX1616 delivers exceptional illumination where you need it. With an output of up to 2160 lumens and five unique beam angle distributions ranging from 12° to 90°, with RGBW and white light only options, this box style floodlight is ideal for adding highlights and spotlighting to exterior architectural and landscape features. Constructed with durable aluminum housing available in a variety of finish colors, clear shatter-resistant tempered glass lens, IP66 wet location rating and an on board 180° adjustable mounting bracket for precise light distribution. With integral 100-277VAC power supply and dmX decoder for full compatibility with BL controls technology and DMX512 control protocol. Create dynamic illumination in urban spaces with wall wash, graze, and area flood effects, on facades, canopies and multi-tiered structures.

Solid State Lighting is sensitive to power fluctuations. Surge protection is highly recommended for all LED lighting products and should be on a dedicated circuit to protect against premature failure. Lack of surge protection may void your warranty.

Designed & Assembled in North America.

Specifications subject to change without notice. Please refer to our website at bllighting.com for current technical data.
