

BL fixFORM Stair Nose

Indoor Step Aluminium Extrusion
Designed for use with BL flexFORM Series

Adding wayfinding, safety, and accent lighting to steps and stairways, BL fixFORM Stair Nose profile creates highly visible step delineation in an array of lumen packages. Ideal for auditoriums and theaters, the durable step nose extrusion is field cuttable and easy to install, while the built-in step to floor reducer provides a smooth and safe transition from one surface to another, without compromising aesthetics.

Solid State Lighting is sensitive to power fluctuations. Surge protection is highly recommended for all LED lighting products and should be on a dedicated circuit to protect against premature failure. Lack of surge protection may void your warranty.

Designed & Assembled in North America.

Specifications subject to change without notice. Please refer to our website at bllighting.com for current technical data.
