BL flexFORM N2

Flexible, Linear LED Strip Lighting
Monochromatic, 24VDC, Constant Voltage

INSTALLATION INSTRUCTIONS

**BL** LIGHTING
SINCE 1986

Please note that these instructions are guidelines only and in no way supersede any construction or installation standards.

Local building and electrical codes should be consulted before installation.

ATTENTION

• There is potential danger of electrical shock when operating electrical components.

• Make sure power is turned off before installation.

• Allow for heat dissipation and adequate ventilation.

ADHESIVE
Ideal for smooth and/or delicate surfaces

1. Evenly bead adhesive to surface at require length.

IMPORTANT: Ensure surface is clean and dry before applying adhesive.

24H

2.

A. Firmly gel **BL flexFORM N2** into adhesive.
B. Secure BL **flexFORM N2** into position with masking tape. Allow adhesive to cure (24 hours) before removing masking tape.
