

BL Controls Nero Tunable integrates DMX output with Bluetooth 5.0 SIG Mesh to deliver seamless, long-range wireless control for tunable-white lighting, supporting up to 4 zones and 4 scenes per zone through an intuitive touchscreen panel or mobile app. Its sleek wall-mounted design features a durable aircraft-grade aluminum frame and 2.5D tempered glass with responsive haptic feedback, while Bluetooth Mesh enables stable DMX transmission up to 165 ft (50 m) for simplified installation. Rated IP20 and certified UL, CE, RoHS, and FCC, it operates reliably from -4°F to 131°F (-20°C to 55°C), making it a dependable choice for both residential and commercial lighting environments.
