P31

BL Fiberoptic

P31 is a compact, recessed fiber optic end fixture designed for precise, low-profile lighting in architectural and landscape settings. Constructed from 316 stainless steel with a 0.55" flat clear tempered glass lens, it delivers a 54° beam for focused illumination. Supporting fiber sizes from 0.08" to 0.20", P31 is ideal for smaller-scale applications requiring clean integration. With an IP65 rating and an operating temperature range of 14°F to 113°F, it delivers reliable, durable performance in both indoor and outdoor environments.
