

Puck RD

BL Puck

Undercounter Lighting
3.6W, 12VDC Constant Voltage

Our circular shaped, ultra-thin puck light, has a slim, low profile design that provides an elegant surface mounted lighting solution, ideal for undercabinet lighting. The acrylic lens beautifully diffuses the light, making Puck RD ideal for highlighting countertops and decorative objects. A low operating temperature, high CRI and dimming capability, makes Puck RD perfect for underneath kitchen cabinetry, niches, closets, and more. Trims are available in black, white, and silver finish.

Solid State Lighting is sensitive to power fluctuations. Surge protection is highly recommended for all LED lighting products and should be on a dedicated circuit to protect against premature failure. Lack of surge protection may void your warranty.

Designed & Assembled in North America.

Specifications subject to change without notice. Please refer to our website at bllighting.com for current technical data.
