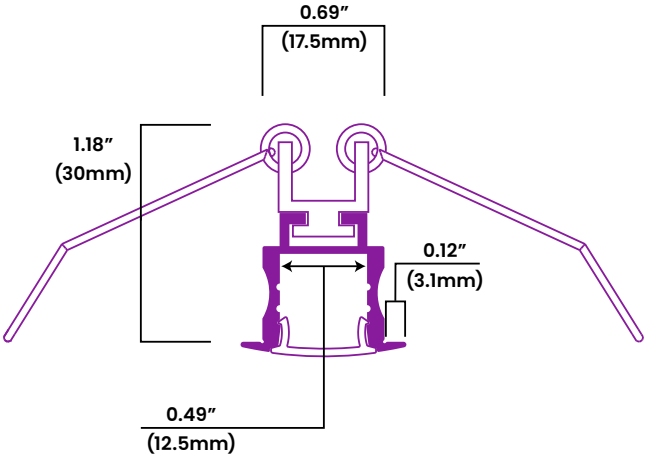
Please note that these instructions are guidelines only and in no way supersede any construction or installation standards.

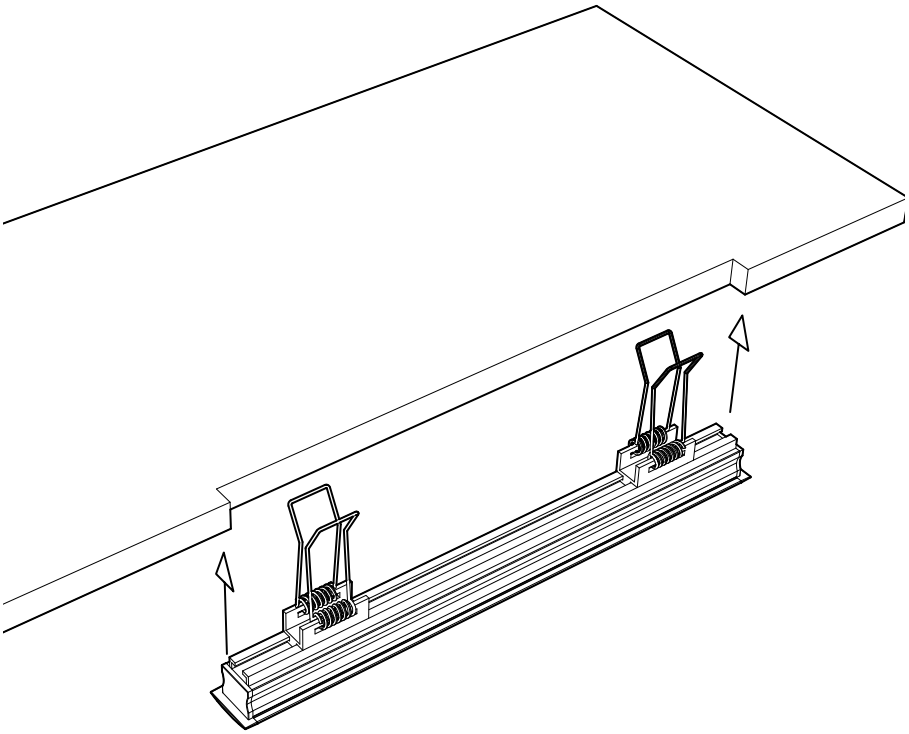
Local building and electrical codes should be consulted before installation.

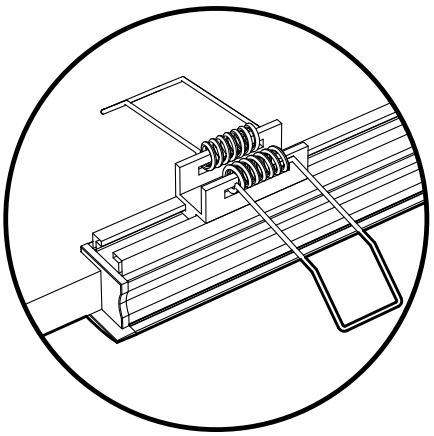
ATTENTION

- There is potential danger of electrical shock when operating electrical components.
- Make sure power is turned off before installation.
- Allow for heat dissipation and adequate ventilation.

SPRING CLIP
Grips behind drywall and other reccessable surfaces







TIP: Minimum two Spring Clips per section recommended for secure fit behind drywall.

BL LIGHTING
ILLUMINATE EVERYTHING

111 - 8838 Heather St. Vancouver, BC. Canada. V6P 3S8

Solid State Lighting is sensitive to power fluctuations. Surge protection is highly recommended for all LED lighting products and should be on a dedicated circuit to protect against premature failure. Lack of surge protection may void your warranty.

Designed & Assembled in North America.

Specifications subject to change without notice. Please refer to our website at bllighting.com for current technical data.
