

# ST5921

BL Fixform

Indoor Step Aluminium Extrusion  
Designed for use with **BL Flexform** Series

Adding wayfinding, safety, and accent lighting to steps and stairways, ST5921 creates highly visible step delineation in an array of lumen packages. Ideal for auditoriums and theaters, the durable step nose extrusion is field cuttable and easy to install, while the built-in step to floor reducer provides a smooth and safe transition from one surface to another, without compromising aesthetics.

Solid State Lighting is sensitive to power fluctuations. Surge protection is highly recommended for all LED lighting products and should be on a dedicated circuit to protect against premature failure. Lack of surge protection may void your warranty.

Designed & Assembled in North America.

Specifications subject to change without notice. Please refer to our website at [bllighting.com](http://bllighting.com) for current technical data.
